

SUMMARY

Software Engineer with over a year of hands-on experience in React.js, Node.js, and MongoDB. Proficient in building scalable, user-centric applications with a focus on performance optimization and seamless UI/UX design. Successfully delivered innovative projects while ensuring efficiency and maintaining high-quality standards. I utilized AI for productivity enhancements in full-stack development projects, implementing scalable solutions and optimizing performance.

WORK EXPERIENCE

CodeAlpha	2024
<ul style="list-style-type: none">Developed multiple full-stack web applications using the MERN (MongoDB, Express.js, React.js, Node.js) stack.Enhanced code quality and maintainability through rigorous testing and refactoring, ensuring long-term scalability. Built a secure password generator application to help users create strong passwords.Implemented features like user authentication, CRUD operations, and API integrations.	
Fiverr & Upwork	2023 - 2024
<ul style="list-style-type: none">Built responsive websites, improving client ratings by 30% and load times by 20%.Delivered tailored web solutions with a 50% repeat business rate and optimized performance, improving load times by 20%.Managed multiple projects efficiently, ensuring high-quality and timely delivery.	

PROJECTS

SocialPort	social-media-hazel-eta.vercel.app
<ul style="list-style-type: none">Developed key features: authentication (JWT), real-time chat, posts, and profiles.Built frontend with React.js and Tailwind CSS, and backend with Node.js, Express.js, and MongoDB.Implemented real-time messaging with Socket.IO for seamless communication.	
FilmBuzz	awaiszahid331.github.io/imdb-movie/
<ul style="list-style-type: none">Built a movie site using React.js and TMDB API, enabling users to explore and view movie details.Integrated Axios for API calls and React Router for smooth navigation.Designed a responsive UI and deployed the site on GitHub Pages for easy access.	
Comprehensive Dashboard	https://github.com/AwaisZahid331/Dashboard
<ul style="list-style-type: none">Developed a responsive MERN stack dashboard with light/dark themes, featuring data visualization, client management, and administrative functionalities.Implemented interactive charts and maps using Nivo, Material-UI components, and React Router DOM for seamless navigation. Ensured secure login and smooth user experience with CSS3 and Git for version control.	

EDUCATION

University of Sargodha	
<ul style="list-style-type: none">Bachelor of Science (BS) in Computer Science	2020 - 2024

ADDITIONAL INFORMATION

- Technical Skills:** HTML5, CSS3, JavaScript (ES6+), Bootstrap5, Tailwind CSS, React.js, Express.js, Node.js, MongoDB, SQL, Vanta.js Git, GitHub, OAuth, JWT, Uivers.io, Postman, RESTful APIs, Heroku. Replit, Netlify, Vercel
- Certifications:** Full Stack Developer-CodeAlpha Web Development (MERN Stack, Web App Development)
